

## **Quality Policy of the College of Fire Safety and Civil Protection**

The Quality Policy of the College of Fire Safety and Civil Protection (hereinafter – the College) is the College's commitment to fulfil both external and internal applicable requirements in accordance with the College's mission, objective, and strategic direction. This is achieved by constantly and purposefully improving its activities, taking into account the needs of students, the State Fire and Rescue Service, other interested parties, and the public, in accordance with the College's values: respect, integrity, responsibility, cooperation, excellence, and loyalty.

The Quality Policy is implemented in accordance with the Standards and Guidelines for Quality Assurance in the European Higher Education Area (ESG).

The objective of this policy is quality **assurance for quality improvement**. The policy will be realised based on the following core principles:

- Continuous Improvement of Educational Content, regularly assessing the satisfaction and needs of students and other interested parties.
- Enhancement of Academic Staff Competence, providing opportunities for educators' professional development, fostering the introduction of innovations in teaching methods, and the use of new technologies.
- Student-Centred Educational Approach, involving collaboration with students to improve their learning experience and promote engagement in the study process and content enhancement.
- Development of Appropriate Infrastructure, ensuring the availability of resources necessary for the College's operation.
- Teamwork Based on Common Goals, developing an understanding of interrelated processes as a unified system.
- Responsible Attitude and Awareness of the Consequences of Actions before students, employees, the State Fire and Rescue Service, and the public at all stages of the College's functions implementation.

The Quality Policy applies to all areas of the College's activities, is binding on every involved party, and quality assurance is the responsibility of every internal interested party.

The College strives to be a modern and prestigious educational institution with a well-developed infrastructure, where the bravest study, the most skilled work, and with which the best wish to cooperate!
